DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 3/31/2008 has been entered.

Information Disclosure Statement

2. The information disclosure statement (IDS) submitted on 3/31/08 was filed after the mailing date of the RCE of 09/982,652 on 3/21/08. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

The IDS filed on Jan. 04, 2006 which has the reference U.S. 2003/0005052 has been considered.

Remark

3. Claims 49-80, 82, and 84 have been previously cancelled. Claims 1-48, 81, and 83 are pending for reconsideration.

Allowable Subject Matter

4. Claims 1-48, 81, and 83 have been allowed.

Reasons for Allowance

5. The following is an examiner's statement of reasons for allowance:

The closest prior arts of record issued to Hite and Swix either alone or in a combination fails to teach or suggest the present invention for a method for displaying a targeted advertisement to a viewer of a display of an audiovisual system in conjunction with displaying a broadcast stream on the display, the method comprising: selecting a broadcast stream; displaying the selected broadcast stream on the display; receiving a first signal from a viewer control interface indicating a viewer command to the audiovisual system, **wherein the audiovisual system is responsive to the viewer command by initiating a corresponding action selected from the group consisting of: fast-forwarding the selected broadcast stream, pausing the selected broadcast stream, replaying the selected broadcast stream, and performing a program search; defining a viewer profile of the viewer of the display based on the viewer command;** selecting a first advertisement from a plurality of stored advertisements based on the viewer profile of the viewer of the display; and displaying the first advertisement on the display as in claims 1 and 25.

While Hite teaches the use of an algorithm that selects advertisements based on "information provided directly or indirectly by the viewer," Hite does not teach or suggest the claimed feature of defining a viewer profile based on the viewer commands that are specifically recited in Claim 1. (Hite col. 8, lines 18-38). Likewise, Swix fails to teach or suggest the selection of an advertisement based on a viewer profile that is defined based on the viewer

commands enumerated in amended Claim 1. Swix teaches selecting an advertisement based on "viewing events." (Swix col. 3, lines 24-47). For example, Swix teaches that the "viewing events" include data about a channel that is viewed, a switch to another channel, use of a VCR, or invocation of an interactive application. (Swix col. 3, lines 48-64). None of these "viewing events" satisfies the claimed viewer commands of "fast-forwarding the selected broadcast stream, pausing the selected broadcast stream, replaying the selected broadcast stream, or performing a program search." Instead, Swix teaches, for example, that ads are chosen to be presented to a viewer based on the user's selection of a particular broadcast stream. (*See, e.g.*, the example given in Swix where an ad for a western-style restaurant is selected for presentation based on the fact that the viewer had previously chosen to watch a "western" movie; Swix at col. 11, lines 11-33). However, Swix does not teach or suggest selecting an ad based on a viewer profile that is based on viewer commands to fast-forward, pause, or replay the selected stream, or to perform a program search.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
